

OD BOLC Course Rubric

OD BOLC is a 1500-point course. Critical events, denoted with an asterisk (*) are events students must pass in order to graduate. Failure of three critical events or failure of any critical event retest will result in a recycle or referral to an Academic Review Board for separation from the course.

While the number of points available and critical events will not change, TACs have the ability to adjust graded events based on class schedule and other requirements or conflicts.

Exams: **1000pts**
